

## Insurance Risk Management

Helping companies reduce cost of risk and improve insurance protection.

**Holden Risk Advisors can help define your company's corporate risk tolerance and develop a risk-adjusted corporate risk management program.**

Insurance is one of the largest expenditures for many companies. Premium, losses, collateral cost, and departmental expenses can fluctuate based on many factors, thus creating the need for risk management solutions.

Holden Risk Advisors can help define your company's corporate risk tolerance and develop a risk-adjusted corporate risk management program. By understanding how you identify, process, manage, and monitor risk, we are able to help your company maintain a comprehensive risk management program while balancing expenditures.

Holden Risk Advisors can evaluate the financing, structure, terms and conditions, risk exposures, and pricing of your existing insurance program. We offer the following services to reduce the cost of risk and improve your insurance protection:

- Insurance Program Benchmarking
- Total Cost of Risk (TCoR) Analysis
- Claim Management Analysis
- Insurance Program Cost Reduction
- Outsourced Risk Management
- Insurance Coverage Adequacy and Gap Analysis Review
- Insurance Brokerage Services Review
- Third-Party Administrator Review
- Captive Insurance Company Feasibility and Implementation
- Captive Insurance Company Utilization Review
- Risk Management Information System Review
- Collateral Management
- Insurance Vendor RFP and Selection Services
- Insurance Program M&A Due Diligence
- Risk Management Department Review
- Construction Insurance Review
